

SANTA BARBARA THEATRE ORGAN SOCIETY MEMBERSHIP APPLICATION

Annual dues are \$20.00 for a printed and mailed newsletter, \$10.00 for an emailed newsletter.

For your membership, you will receive a monthly newsletter detailing past and future activities in which you can participate. Our activities include theatre pipe organ concerts, open console (the ability to hear and play the Great Theatre Pipe organ of the Arlington), attend social functions, participate in organ maintenance, and get to know others who are theatre pipe organ enthusiasts.

Our concerts feature internationally famous theatre pipe organists. We present three or more concerts a year. Some concerts feature silent movies, and others may have sing-along portions. Each concert presents a fun filled time. Our concerts cost \$10 (plus a mandatory \$1 Arlington restoration fee). Children under 16 years and students are admitted free when accompanied by an adult. Our theatre pipe organ concerts are open to the public.

The Great Theatre Pipe Organ of the Arlington is played some evenings during the 7 PM movie intermission. Either a live organist is present (an SBTOS member), or a verbatim computer playback of a previous performance is used. The organ is controlled through a computer and recordings of performances can be played back through the organ pipes as though the artist were sitting at the organ console

SBTOS is a member of the American Theatre Organ Society (ATOS). To be a voting member of SBTOS and to attend ATOS functions, you must also be a member of ATOS (\$40.00/year).

Membership in ATOS is not required to be an affiliate (non voting) member of SBTOS.
